

CS 365 - Randomized Algorithms

Rajeev Motwani

Handout #1 (9/23/08) – Administrative Information

Instructor: Rajeev Motwani.

Office: GATES 474.

Phone: 723-6045.

Admin: Lynda Harris (GATES 495, 723-4377).

Electronic Mail: rajeev@cs.stanford.edu

CS 365 URL: <http://theory.stanford.edu/~rajeev/cs365.html>

Class Schedule: TuTh 3:15-4:30, 380-380X

Teaching Assistants:

1. Bahman Bahmani (bahman@stanford.edu), **Office Hours:** Wed/Fri 3:30-5:30, Gates 492.
2. Daniel Chen (danielc@cs.stanford.edu), **Office Hours:** Mon 12:00-2:00, Clark S297.

Handouts: All handouts will be available on the course web page.

Grading Policy: There will be one homework assignment about every two weeks. There will be no mid-term, and the final exam will consist of an extended homework assignment to be treated as a take-home exam.

Textbook: The course will be taught from the text book: *Randomized Algorithms*, by Motwani and Raghavan, Cambridge University Press, 2000. This is a required text-book.
